

Mandatory Training for consultants

Core Training - annual - day in the lecture theatre or on-line (recommended)

Life support - annual - 'hospital LS' for adult and 'basic LS' for children

Safeguarding level 3 - every 3 years - adults and children - half day each

Conflict resolution - every 3 years – normally half day

Prevent/WRAP – 3 years – Usually face to face

Patient handling - 3 year

A few other 'modules' are required but should have been done on initial induction: VTE, insulin therapy, blood cultures, consent training etc

Many courses are available on line.
